

How do I select or change my color preferences?

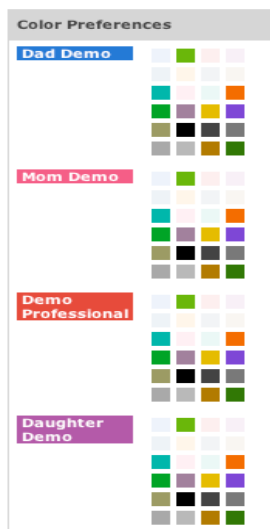

1. Begin by selecting the “my account” tab.

2. Then click on the “manage accounts button”

3. Then you find the color preferences section on the left side.

4. Choose a color for each account associated with yours from the palette on the right of each name. Once you are done selecting your colors, click the “Save Changes” button. Congratulations, your color preferences have been updated.
